

Applying for Medicaid Long Term Care Services

Long Term Care Pre-Application Checklist

This flyer will let you know what information is needed to apply for **Louisiana Medicaid** to help pay for long term care in a nursing facility, group home, developmental center, or for Home and Community Based Waiver services.

You may apply in person or over the phone. To schedule an appointment, call 1-888-342-6207 (toll-free) or your local Medicaid office at _____ . If you are deaf or hard of hearing and have a TTY text telephone, call 1-877-456-1172.

Even if the applicant already gets Medicaid through another Medicaid program (like SSI), you will still need to make a separate application for Long Term Care Medicaid.

What information will you need to give Medicaid?

Medicaid will ask you for the items below that apply to the person who needs long term care. It will speed up the application process if you have these things with you at the time of your appointment. If you are unable to get some of these documents, please check with a **Louisiana Medicaid Employee**. There may be other things that can be used.

Special Note: If the applicant is under age 18, some items will be needed for their parents. If the applicant is married, some items will be needed for their spouse **unless the spouse already receives Long Term Care Medicaid**.

Please note: Do not make any changes to any health insurance coverage before speaking with the applicant's health insurance company, doctors, **and** a Louisiana Medicaid Employee. Once a health insurance policy or Medicare supplement is cancelled, it is often difficult or impossible to get coverage again when the applicant leaves the nursing facility or they no longer get Waiver services. While the applicant is getting long term care, Medicaid allows the applicant to keep the income needed to pay for **most health insurance premiums**.
